

One Stop Solutions For Pick, Carry, Position, Store And Retrieve

Platform Trucks and Tow Trucks

Jost's 3-wheel and 4-wheel **Platform Trucks** have proven to be Industrial work horses and are being extensively used for carrying non-palletised loads up to **4000 kg**. Jost's 3-wheel and 4-wheel **Tow Trucks** are heavy duty battery operated industrial towing trucks, used for towing loads up to **5000 kg** and **10,000 kg** respectively.

Hand Pallet Trucks and Manual Stackers

Jost's **Hand Pallet Trucks** are ideal storage aids for manual tasks over short distances. Safe, Robust, Durable and at the same time very economical with capacities up to **2500 kg**. Jost's **Manual** and **Semi-Automatic Stackers** are available in Capacities of **1000 kg** with Lifting Heights up to **3000 mm**. These Stacker types can lift manually / electrically and manoeuvre manually.

Electric Pallet Trucks

Jost's 'Pedestrian', 'Stand-On', 'Double-Pallet' and 'Order Picking' versions of **Electric / Battery operated Pallet Trucks** are used where frequent transportation tasks over long distances are involved and have proved their worth in terms of increased through puts in such applications with Capacities up to **5000 kgs**.

Stackers

Jost's 'Pedestrian', 'Stand-On' and 'Straddle' verions of **Electric Stackers** are simple and effective solutions for storage and retrieval of pallets at vertical storage spaces in warehouses. They are designed for flexible handling of palletised loads for increased performance at great lift heights with high residual capacities and long usage times with Capacities up to **1700 kgs** and Lift Heights up to **6300 mm**.

Electric Forklifts

Indigenously designed and developed Jost's **Electric Forklifts** are Powerful and Energy efficient trucks with advance technology suitable for indoor as well as outdoor applications. Jost's Forklifts ensure high return on investment by definite gain in productivity and prevents product and pallet damage by ensuring proper handling with Capacities of **1500 / 2000 / 25000 / 3000 kgs** and Lift Heights up to **6500 mm**.

Racking Systems

Jorack, the range of Industrial **Racks** from Josts is perfect storage solution for all types of items, as the design allows the span to be configured as per the specific requirement and are steadfast in answering the changing needs of the industry. Jorack offers innovative stoarge design for all duty applications, with a wide range of Racking System choices like **Light Duty, Medium Duty, Heavy Duty, Mezzanine, Multi-Tier, Drive-In, Cantilever, VNA Racking Systems** and **Textile Racking Systems**.

Dock Levelers and Scissor Lifts

Jost's **Dock Levelers** with capacity up to **15000 kg**, has been designed to provide a robust bridge to cover the gap between fixed dock height and variable truck bed height. Jost's **Scissor lifts** can be **Pit Mounted, Floor Mounted, Vehicle mounted, Mobile or Self Propelled** for carrying out Maintenance and House Keeping jobs at heights, Lifting Goods to various levels in shop floor and stores, Loading / Unloading operations, Work Tables in shop floor and Oder Picking in warehouses.

PSTS (Pneumatic Sample Transfer System)

Jost's **PSTS** (Pneumatic Sample Transfer System) is designed to minimise the transmission time by fast despatch and is ideally suited for handling liquid, granules or flake samples. Josts are the pioneers in India for design, manufacture, supply and installation of these systems in India with complete back up services. Jost's systems are in operation at many steel plants and other industries in India and abroad.
