NABL Service News

We, Jost's Engineering Company Limited would like to introduce our self as an organization who has been partnering growth over a range of business verticals across the country over more than hundred years now. Driven by our vision of being at the forefront of India's industrial development, we help empower Indian industries with cutting edge technology in our chosen business areas – Material Handling & Engineered Products.

- Kindly visit our website www.josts.com <<http://www.josts.com>> for details.
- Under it's Engineered Product's division we represents Megger products for all Electrical Test & Measuring Instruments-the world's leading brand and we are the oldest Authorized Distributor in India from more than eight decades- providing sales and after sales service support of all Megger product ranges like Repair & Calibration.
- Apart from the above Jost's Engineering Co. Limited, Calibration Laboratory at it's facility at Kolkata is a NABL Accredited Laboratory and can provide calibration service within it's scope under Electro-Technical Discipline for most of the Electrical Test & Measuring Instruments used in industries.
- We are looking forward to you to start a long lasting business relationship with an esteemed organization like yours and would appreciate any opportunity to provide our solutions/services.

NABL Accreditation Calibration Laboratory

Megger. Authorised Service Centre

Jost's Service Centre presents world class facilities towards -

- Service & Calibration of all electrical test & measuring Instruments
- Excellent Infrastructure with HV testing Laboratory
- Fast Turnaround Time with Genuine Spare Parts
- ISO/IEC 17025:2005 Compliance

- ❖ **OUR STRENGTHS** : State of the art Repair, Calibration & Testing Laboratory
- ❖ **OUR MOTIVATION**: Customer satisfaction and Confidence.
- ❖ **WE OFFER** : Servicing, Calibration, Pre & Post Repair, Warranty Maintenance & Testing Services
- ❖ **OUR SATISFIED CUSTOMER**: IOCL, NPCIL, NTPC, SAIL, DVC, PGCIL, OPTCL, OHPC, NHPC, NEEPCO, GAIL, TPCIL, MRPL, RVPNL, ONGC, NRL, SEBs, RELIANCE, TATAPOWER, TATASTEEL, NALCO, HINDALCO, L&T, BHEL, SIEMENS, CESC, DSP, GAIL, Defence, State Power Transmission and Distribution Companies are to name a few of our satisfied customers & others.

OUR STANDARDS

- 6 1/2 Digit Precision Multimeter Fluke-8846A
- Multifunction Calibrator Fluke-5502A
- AC/DC HV Probe Fluke – 80K40
- Insulation Tester Calibration Box Megger-CB101
- SF6 HV Standard Capacitor for Tan-Delta Calibrator Megger-UK/USA
- 100 KV Oil BDV Calibrator Megger-UK/USA
- Precision Transformer Turns Ratio Standard
• Megger-UK/USA
- Power Clamp Meter DCM200P-Megger – UK/USA
- Precision Resistance Standards -Vaiseshika
- Multi-Function Meter Phase Angle Meter/Timer PAM-420 Megger-UK/USA
- Signal Generator – Testronix
- Oscilloscope – Tektronix

OUR TESTING SERVICES

- Transformer HT/LT – Turns Ratio/Excitation /Winding Resistance/IR/Vector etc Testing
- Oil BDV, Oil Moisture measurement
- On line Battery Impedance Testing Service
- Power Quality Analyzing Service
- Tan-Delta Measurement Service
- CT / PT & Bushing Testing Service
- Protection Relay Testing Service
- Earth/Ground Resistance Testing Service
- Cable Fault Locating Service

Oscilloscope Calibration

Fluke 5502A with 6 1/2 Digit Multimeter Calibration
