

ENGINEERED PRODUCTS DIVISION

BUSINESS LINE - HEAT & COMBUSTION

Since 1907

• Temperature Profiling Systems

• Gas Detection Systems

• Anemometers

Datapaq Temperature Profiling System for Ovens

Oldham Gas Leak Detection Systems

Datapaq Temperature Profiling System for Aluminium Castings, Engine parts, Solutionising, Aging and Heat Treatment Furnaces

20 Channel Autopaq Datapaq System specially designed for Paint Ovens in Automotive Industry.

Oldham Gas Leak Detection Controllers

Schiltknecht - Multiprobe Anemometer for measurement of Air Velocity, Air Temperature, Air Humidity and Water Velocity.
