

## Recovib FEEL : Immediate Vibration Analyzer

### The vibration stethoscope

### FEEL USB Accelerometer

#### Features

- 3-axis accelerometer
- DC to 250 Hz useful bandwidth
- Low noise
- Compact and rugged design
- Protection grade IP67

#### Typical Use & Applications

- ✓ "Quick" vibration monitoring
- ✓ Real-time vibration analysis
- ✓ Real-time frequency and time analysis
- ✓ Vibration diagnosis
- ✓ Vibration modal analysis

#### Industries using Recovib TINY Datalogger

Defense | Aerospace | Space | Automotive | Engineering | Education |  
Construction | Transportation | Railways | Steel | Power
